

# Safety Internet Day 2019

Dear Parents/Carers,

Are you worried about your child's use of technology? Does your child spend a large amount of their free time on a smartphone, laptop, tablet, Xbox or PC? We are teaching children how to stay safe online in school and have measures in place to ensure this happens. Children are often unaware of the risks they can become exposed to whilst using the internet and it is important that as adults we update ourselves on the latest risks in order to ensure we can protect our children from harm.

Internet Safety day is coming up and as part of this, we are running an online safety workshop for parents and carers on Tuesday 5th February at 9.00am. Refreshments will be available on arrival.

The hour-long workshop will help parents and carers understand their child's online world and build confidence to have those important conversations that can help keep children safe online.

I would like to invite all parents and carers to join.

Yours sincerely,

Mrs S Brooke
