## Behaviour Policy Addendum 2020 for the duration of COVID 19 Response

**Date:**September 2020

**Reviewed:** Ongoing review

**Written by:** Headteacher

Chaucer Primary school behaviour policy in response to new school opening arrangements.

The amendments below are part of the school behaviour policy.

### **The school rules**

We ask our children and staff in school to support these additional school rules:

### **Our school rules.....**

We stay in our bubble groups through our school day This means : To look after each other we only play, work and talk to children in our bubble.

We wash our hands carefully. We wash our hands at the start of the day and before and after playtime and lunch. We wash our hands when our teachers ask us to. If we cough and sneeze, we wash our hands.

We take care of our own equipment . We use our own books, pencils, rulers and colours. We keep them safe in our wallets when we do not need them. We always use only our own drinking bottle.

We remember to always catch our coughs and sneezes. We act safely towards others. We catch our coughs and sneezes in a tissue or the inside of our elbow. We never cough at any one else at all.

### **Our rules outside the classroom**

We play in our bubble areas. We stay in the space for our group even if we have friends in another group.

We eat our own food and drink our own drinks. To keep safe we do not share our food.

We think about others when we play. We make sure everyone has space. We keep our hands and feet to ourselves.

We always listen and follow our teachers instructions. We work together as a team.

### **If we need to learn at home due to any school closure or isolations.**

We try our best with our work. We show that we are ready to 'give it a go'

We help our parents and carers to support us at home. We follow instructions at home. We try to follow the timetable our teacher suggests. We make sure that we take regular breaks.

We ask a question when we are stuck We remember that our family and our teachers at school are always ready to help us.

We remember our rules for staying safe online. We only use the websites which adults ask us to. We do not talk to people we do not know online.

We are always polite and helpful We are good role models

### **Our school sanctions**

Our usual school sanctions apply when children in school do not follow our school rules.

We will always use a restorative approach to dealing with poor behaviour. This will apply particularly in cases where the rules that are broken relate to safety in school. We will ask children to reflect on the consequences of their behaviour choices. Our restorative questions are:

- What happened?

- What were you thinking of at the time?
- What have you thought about since?
- Who has been affected by what you have done?
- In what way have they been affected?
- What do you think you need to do to make things right?

### **Our school rewards**

Our usual school rewards will apply.

In addition, we will be sending out our 'Home Learners' certificates and awarding House points on a weekly basis to those children who have shown great effort and have demonstrated behaviours in line with our school mission statement/ values.

### **Pupil Support**

We understand that this is a difficult time for children and we will provide support for our children to settle back into school. This will include:

- Refreshing all our children on our school routines and expectations
- Talking to our children about our behaviours, rules and routines and why we need these
- Talking to our children about how they might be feeling and how to deal with their feelings
- We will use a range of resources to support children to understand and manage their feelings
- We will provide additional support and signposting of other agencies when it is needed

### **Reasonable adjustments**

As at all times we will make reasonable adjustments as appropriate for our children with SEND needs. Behaviour plans will continue to include reasonable adjustments when appropriate.

These adjustments will be in line with current Government guidance around social distancing and the guidance on the implementation of protective measures.
