

# Nursery Newsletter

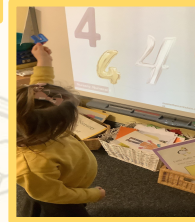

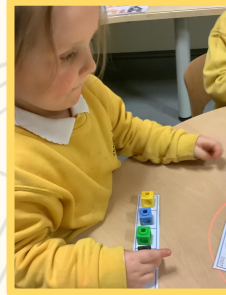

Friday 26th January 2024

## What's have we been up to?

What a fantastic last 2 weeks we have had - we have been very busy learning all about winter. The children have enjoyed learning about Antarctica and what animals live above and below the snow in winter. We have enjoyed developing our scissor skills, junk modelling and creating jumpers for the animals in the text "The Big Freeze." In maths we have been learning about the number 4 - looking for the number in our classroom and how it links to squares and rectangles.

## Next Week.

We will be learning all about the Northern Lights. We will be listening to the text "The Lights that Danced in the Night"

Reminder  
P.E. Day -  
Tuesday/Thursday -  
Please can children  
come in appropriate  
clothes and footwear.  
Thanks.
